**Subject:** CARB - Salton Sea Project  
**Attachments:** CARB CAA 105 FY19 Workplan.pdf; Proposed Amendment to USEPA Grant Number 00901315 190430.docx

Hi Laura and Ginger,

Attached is CARB's current work plan for FY19. The description for the Salton Sea project is on Page 7, and the language has been the same for several years. This project is also mentioned in their upcoming FY20 work plan, but I have not approved additional funding since it was not listed in the matrix.

FYI, I received an email from CARB requesting to amend their grant for this project on April 30, 2019, but was told to ignore the request as Imperial County said they wanted to use residual funds in the PI-SWERL grant for staff training and field testing as the original scope of work indicated. Attached is their rescinded proposal.

I hope this helps. Please let me know if you have any questions.

Thanks!

- Angie
